Gov Umar Namadi of Jigawa State Pledges to Assist FUT Babura

The Executive Governor of Jigawa State, Mallam Umar Namadi has promised to come to the assistance of the Federal University of Technology Babura, in the areas of housing, intra-campus roads, hostels and utility vehicles, subject to fiscal space. He noted that allocation of available scarce resources is difficult given numerous competing demands, but “we will do our best to reduce the burden of these challenges”.

(1st left) FUTB Pro Chancellor presents a commemorative plaque to His Excellency The Executive Governor of Jigawa State, Mallam Umar Namadi during the visit.

The Jigawa Governor was responding to requests on the same issues by the Pro-Chancellor and Chairman of the Federal University of Technology Babura, Governing Council, Professor Oniomawo Ignatius Akhakhira on Tuesday 8th October, 2024.

Governor Namadi assured members of the Governing Council and Management that the Jigawa State Government will work closely with FUTB in the same way they work with the State-owned Sule Lamido University. “To us they serve the same purpose and same people” he added.

“There is a strong relationship between the FUT Babura and the Jigawa State Government because it is our University and it is a responsibility on us to ensure its success”, he said, recalling that the Principal Officers of the institution had visited him earlier and their interaction would continue.

The Executive Governor stated that education is a priority item on his 12 item agenda as it is the bedrock of all development, hence 32% of the state budget is devoted to it, way above the UNESCO benchmark of 25%. On the comment of the Pro Chancellor about the take-over of the private Khadija University at Majia, the Governor said it will now focus on professional courses.

(2nd left) The Executive Governor of Jigawa State, Mallam Umar Namadi accepting a banner from FUTB Pro Chancellor / Chairman, Prof. Ignatius A. Onimawo. (2nd right), congratulating Jigawa@33 years. FUTB Vice Chancellor, Prof Sabo B/Kudu is 1st right.

The Governor explained that he assured the Governing bodies of the seven institutions in the state and appointed competent academicians and administrators that can do the job, thus utilising merit over political expediency and the result is clear for all to see. He also recalled that within 16 months his administration has employed additional 7,000 teachers and 2,000 health workers; while another initiative is set to employ 3,000 temporary teachers that will be assessed after three years for competence.

Chairman Governing Council FUTB Makes 4 Demands on Gov Umar Namadi of Jigawa

The Pro-Chancellor and Chairman of the Federal University of Technology Babura, Governing Council, Professor Ignatius A. Oniomawo has pleaded with the Jigawa state Government to come to the aid of the young institution in four key areas.

He made the plea when he led members of the FUT Governing Council members and Principal Officers, on Tuesday 8th October, 2024, to a courtesy call on the Executive Governor of Jigawa State, Mallam Umar Namadi, at Government House Dutse.

Prof. Oniomawo praised Jigawa State for its on-going Housing projects and therefore made his first plea, for the conditions of occupancy of the set of houses being constructed opposite the Permanent Campus of the University to be in form of owner occupier, to include University staff and for the state to construct some of the houses inside the campus. His second plea was for Jigawa state to assist in constructing some of the internal roads connecting various School and buildings on the Permanent Campus. The

Chairman's third request was for the Jigawa State Governor to assist the University with a hostel block, to complement the only 96 room hostel recently completed on the Permanent Campus. The Pro Chancellor's fourth request was for assistance from the Jigawa State Government in form of ten utility vehicles for management and senior staff of the University.

The Chairman of the Governing Council had earlier praised Governor Namadi for his bold initiatives and education friendly policies such as building of over 200 new classrooms and utilization of about six PhD holders in his cabinet, as proof of his commitment to uplifting education in the state.

FUTB External Council Members in a group photo with His Excellency The Executive Governor of Jigawa State, Mallam Umar Namadi

The courtesy visit was rounded up with the presentation by the Pro Chancellor to the Governor of a banner congratulating Jigawa State for attaining 33 years as a state and a plaque to match.

Members of the Council on the entourage included: Dr. Dickson A. O. Akoh, Dr. Umma Abdullahi Getso, Apostle Biodun Sanyaolu and Mr. Charles Iwuchukwu. Others included the Vice Chancellor, Prof. Sabo Ibrahim B/Kudu; the DVC, Prof. Bala Sidi Aliyu; the Registrar and Secretary to the Council, Fatima Binta Mohammed, *nni*; Prof. Suleiman Yusuf Mudi, Director Academic Planning; Prof. Salisu M. Lawan, Dean of Engineering; Dr. Ya'u Datti, an

Associate Professor and Dean Student Affairs; Dr. Babangida Ibrahim Babura, Dean of Science; Dr. Abdulaziz Garba Ahmed, HOD Applied Mathematics; and Malam Aliyu H. Salihu, Establishment Secretary. Also in the entourage were the Bursar, Ibrahim Alhassan and the University Librarian, Prof. Atiku Abashe Maidabino.

University Management to Continue Supporting Anti-Corruption Fight

The Vice Chancellor, Prof. Sabo Ibrahim Birnin Kudu has promised to support the Anti-Corruption and Transparency Unit (ACTU) in the University in the fight against corrupt practices tendencies in the University. He made the statement at the opening of a One Day Sensitization Workshop on Anti-Corruption Practices, on Tuesday 15th October, 2024, at Centre for Information Technology, Take-Off Site.

Ibrahim A. Garba Kagara, the Resident Anti-Corruption Commissioner, Independent Corrupt Practices and Other Related Offences (ICPC) Kano/Jigawa Office at the sensitisation session

The VC while appreciating the efforts of Anti-Corruption and Transparency Unit (ACTU) members in discharging their responsibilities also noted that the Management has fulfilled all its pledges of support made at the inauguration of the unit.

The keynote speaker at the workshop in his presentation entitled IMPERATIVE OF COMBATING CORRUPTION IN TERTIARY INSTITUTIONS IN NIGERIA: THE ROLE OF ICPC, Ibrahim A. Garba Kagara, the Resident Anti-Corruption Commissioner, Independent Corrupt Practices and Other Related Offences (ICPC) Kano/Jigawa Office, defined corruption as “the abuse of trust or misuse of entrusted power for personal gain.”

According to the Commissioner, in tertiary institutions corruptions takes various forms including admission racketeering, contract manipulation, staff recruitment scams, student intimidation, results alteration, and outright theft of tools, equipment and movable materials. The impact ultimately

diminishes the ability of the institution to train or produce quality graduates, with the cheating students unable to perform at the work place.

The Vice Chancellor Prof Sabo Ibrahim Birnin Kudu delivering a welcome address

Mr. Kagara suggested that corruption in our ivory tower can be addressed at three levels: first, at the human level, “staff and students must do the right thing” always including reporting wrong doers; second, at organization level, staff sensitisation, deterrence and monitoring mechanisms must be in place to detect and severely

sanction offenders; while at the societal level, society must uphold and honour traits and people of proven honesty and trust while disgracing and shaming dishonest and persons that abuse public trust.

The Resident Anti-Corruption Commissioner concluded that , "corruption is a major issue world-wide particularly in our citadels of learning and if not checked can lead to collapse in the educational sector and ultimate societal collapse."

In his vote of thanks the Chairman ACTU-FUTB Dr. Sabiu Ibrahim Fago who is also the Dean GSU, expressed the appreciation of the Unit to the University Management for sponsoring the training and the staff for cooperation extended to the Unit and for attending the workshop. He also assured the Commissioner of the compliance of FUTB staff to anti-corruption practices, while praying that “our university to be the best and corruption free amongst all other universities”.

Nigeria Police Jigawa State Command to Assist FUT Babura Beef Up Security

Director Security FUT, Alhaji Sani Shehu Madabo handing over the letter of request to the Commissioner of Police, CP A.T Abdullahi

The Commissioner of the Nigeria Police, Jigawa State Command, CP Ahmad Tijjani Abdullahi has promised to assist the Federal University of Technology, Babura, beef up security at its Permanent Campus. He gave this assurance when the Director Security, Alhaji Sani Shehu Madabo paid him a courtesy call at his office, State Police Headquarters in Dutse, on Thursday 24th October, 2024. The Director had during the visit delivered a letter of request from the Vice Chancellor, Prof. Sabo Ibrahim Birnin Kudu, for armed police to be deployed at the University Permanent Site for adequate security coverage.

FUTB Researcher advocates Sensitisation on Connective Tissue Disorders (CTDs)

A researcher in the School of Science, Information and Communication Technology, FUTB, Mr. Emmanuel C. Ezugwu has stressed the need to sensitise and educate healthcare providers and the public on the diverse clinical manifestations of connective tissue disorders (CTDs) “as crucial for early recognition and improved patient outcomes”.

He made the suggestion at a seminar on Friday 18th October, 2024, on the theme: *Advance Recognition and Management of Autoimmune Connective Tissue Disorders in Sub-Saharan Africa*, at the Centre for information Technology (CIT) hall, Temporary Campus.

Mr. Emmanuel C. Ezugwu while presenting his paper entitled *Advance Recognition and Management of Autoimmune Connective Tissue Disorders in Sub-Saharan Africa*,

Mr. Ezugwu explained that Autoimmune Connective Tissue Disorders, often referred to as connective tissue disorders (CTDs), “encompass diseases where the immune system mistakenly attacks and damages the body's connective tissues. These tissues, primarily composed of collagen for strength and elastin for elasticity, form a vital matrix throughout the body, ensuring its integrity and functionality.” He explained that where such an attack compromises these tissues, there would be negative impact on “organs

such as the lungs, heart, blood vessels, eyes, kidneys, and nervous system as the diseases progress”.

The researcher said although rare in the past, “autoimmune connective tissue disorders (CTDs), including systemic lupus erythematosus (SLE), rheumatoid arthritis (RA), and systemic sclerosis (SSc), are increasingly recognized in Sub-Saharan Africa” today. He illustrated this with data from research conducted in Port Harcourt “identified SLE as the most prevalent CTD, constituting approximately 91% of cases, followed by RA at 6% and SSc at 3%, while a significant predominance of SLE was also reported at the Lagos University Teaching Hospital with a striking female to male ratio of 14.7:1”.

An interactive moment during the presentation

Earlier in his opening remark, the Ag. Dean of the School, Dr. Babangida Ibrahim Babura stressed the importance of seminars as a crucial tool for knowledge dissemination. He also highlighted the specific area of focus of the lead presentation as it affects the health and well-being of humanity.

Bursary Dept. Trains Staff to Promote Effectiveness, Productivity and Transparency

The Bursary Department, headed by the Bursar Malam Ibrahim Alhassan has organised a two day training for the University staff, in order to promote effectiveness, enhance productivity and transparency.

The first day of the training, was a one day training for Deans, Directors and Heads of Units on Bursary Processes and Procedures, on Wednesday 23rd October at the VC Conference Room Temporary Campus. The objectives of the workshop

were to enhance understanding of bursary processes; clarify roles and responsibilities; foster collaboration and communication; as well as identify areas for improvement.

The key instructors were the Bursar, Malam Ibrahim Alhassan; the Chief Internal Auditor, Adamu Aminu and the Deputy Bursar, Pomak Boris Lohor.

Management staff present at the Training apart from the target participants included the Deputy Vice Chancellor, Prof. Bala Sidi

Aliyu, who also represented the VC; the University Librarian, Prof. Atiku Abashe Maidabino and Aliyu Hassan Salihu, the Establishment Secretary, who represented the Registrar.

The second day of the training, on Thursday 24th October was exclusively for Bursary Staff, devoted to sharpening their software productivity skills in Microsoft Excel. The instructor was the Deputy Bursar, Pomak Boris Lohor.

School of Engineering and Technology & Academic Planning Directorate Holds Joint 3-Day Workshop for HoDs, Exams Officers & Level Advisers

The School of Engineering in collaboration with the Directorate of Academic Planning has carried out a three-day hands-on Workshop for Heads of Departments (HODs), School Examination Officers, Departmental Examination officers and Level Advisers, of the Federal University of Technology, Babura. Seven sessions of the training were held from Tuesday 15th October 2024 to Thursday 17th October, 2024.

The workshop started with an overview of Workshop Objectives delivered via a keynote address by Mohammed Bashir Tahir, the Academic Secretary, entitled “The Role of Effective Examination Management in Academic Excellence”.

Dr. Babangida Ibrahim Babura, Acting Dean of School of Science during his presentation at the workshop

In the two sessions of that first day, the Dean of School of Engineering, Prof. Salisu Muhammad Lawan made presentation on Pre-examination Activities, such as Exam Planning and scheduling; Coordinating with Faculty and Students; as well as Exam setting, moderation and verification processes. Also Dr. Yau Datti, who is also the Dean student Affairs spoke on the subject of Marking, Grading and Result

Collation, including handling grade appeals and student feedback; record keeping and result documentation.

Dean of School of Engineering, Prof. Salisu Muhammad Lawan addressing the Workshop participants

On the second day of the training devoted to the theme “Teaching and learning using CCMAS and hands-on Training on Online Management Software”, Prof Suleiman Yusuf Mudi, who is also DAP made a presentation during session three on the first part, covering: Introduction to Curriculum and Minimum Academic Standards (CCMAS); Aligning Teaching Methods and Content with CCMAS; as well as Assessment Design based on CCMAS Outcomes.

The Director, Centre for Information Technology (CIT) Dr. Khalid Haruna handled the second part of the theme, in session four, Hands-on Training on Online Learning Management Software. His presentation included, an overview of popular online management Systems (LMS); Setting up and managing course outline; Uploading materials, managing assignments and grading using LMS; as well as Interactive Tools for Student Engagement and Feedback. There was also a practical exercise: Setting Up a Course on an LMS Platform.

The Director, Centre for Information Technology (CIT) Dr. Khalid Haruna presenting

for academic projects; Using AI to support Development of Research Proposals; and Writing compelling grant proposals for research and development.

The final training session seven was a virtual one taken by Prof Mansur Aliyu, on "User-Centered Interactive Day three of the training had the general theme: Practical Duties of Level Advisers, Writing Institution Based Research (IBR), Concept Notes, and Grant Proposals. The first presentation by Dr. Babangida Ibrahim Babura, Acting Dean of School of Science focussed on Practical Duties of Level Advisers, in session five. In it he elaborated on the sub-themes: Academic advising and students support strategies; Monitoring Student Progress and Performance; as well as Managing Students' Records and Facilitating Communication Between Students and Faculty.

Then in session six. Prof Nuradeen Magaji took on the sub-theme: Writing IBR Concept Notes, and Grant Proposals. His presentation covered several topics, such as Understanding the components of an institution based research; Crafting effective concept notes Teaching and Learning Approach to CCMAS Implementation". There was a brief evaluation session and closing ceremony, when the closing remarks were delivered by Dr. Abdulaziz Garba, who is the HOD Mathematics.

Dr. Yau Datti, Dean Student Affairs presenting his paper

Engr. Anas Nasirideen Appointed Ag. HOD Electrical Engineering Dept.

The Vice Chancellor, Prof. Ibrahim Sabo Birnin Kudu has approved the appointment Engineer Anas Nasirideen as Acting Head of Department of Electrical Engineering.

The Registrar, Fatima Binta Mohammed *mni*, who signed the appointment letter FUTB/R/APP.01 dated 23rd September, 2024 said the appointment takes effect from that date, and is on the following terms and conditions: “(a) That

you are responsible to the Dean, School of Engineering in conducting the affairs of the Department and you are required to report to him, from time to time, on the development and /or issues concerning the department; (b) That you will, with diligence and hard work, exercise general superintendence over the affairs of the department; (c) That you will exhibit credible administrative leadership to the department; (d) That

you will encourage democratic participation by other colleagues in running the affairs of the departments; (e) Your appointment as Ag. Head of Department may be terminated for good cause within the meaning assigned to it in the Laws establishing the University.”

Finally, the Registrar, Fatima Binta Mohammed *mni*, congratulated the officer on his appointment.

Internal Memo

FROM: Registrar/Secretary to Council	TO: ALL AFFECTED STAFF
REF NO: FUTB/C/0001	DATE: 21 st October 2024

STAFF WITH INCOMPLETE DOCUMENTATION

The Governing Council at its 2nd Regular Meeting held on Thursday, 10th October 2024 considered the report from the Appointments and Promotions Committee (A&PC) and observed with dismay that some members of staff are yet to complete their documentation with the University.

Based on the above, the Council **directed** as follows:

- 1) All staff with incomplete documentation are to complete their documentation on or before 31st October, 2024.
- 2) All staff with pending cases of non-submission of release letters from their previous employers should be investigated for possible cases of disciplinary action.
- 3) Failure to complete the documentation within the above time-frame could result in the termination of their appointments.

The above is for your information and compliance, please.

POST-UTME ADMISSIONS SCREENING EXERCISE FOR THE 2024/2025 ACADEMIC SESSION

This is to invite all candidates seeking admission into the Federal University of Technology, Babura for the 2024/2025 Academic Session to register for the Post-UTME Screening as detailed below.

ELIGIBILITY FOR THE SCREENING

- Candidates MUST have passed a minimum of 5 relevant subjects, at credit level, in the Senior Secondary School Certificate Examination (SSCE) or equivalent in not more than two (2) sittings, including English and Mathematics.

The Minimum Admissible Points are as follows:

S/ No.	SCHOOL	PROGRAMME	MINIMUM ADMISSIBLE POINTS
1.	School of Engineering and Technology	B.Tech. Civil Engineering	150
		B.Tech. Electrical & Electronics Engineering	140
		B.Tech. Mechanical Engineering	140
2.	School of Science, Information and Communications Technology	B.Sc. Computer Science	140
		B.Sc. Cyber Security	140
		B.Sc. Software Engineering	150
		B.Sc. Chemistry	140
		B.Sc. Industrial Chemistry	140
		B.Sc. Mathematics	140
		B.Sc. Physics	140
		B.Sc. Applied Geophysics	140
		B.Sc. Biology	140
		B.Sc. Biotechnology	140

REGISTRATION

Online registration for the Screening Exercise will commence on **Wednesday, 30th October 2024**.

APPLICATION GUIDELINES

How to Apply

To begin, Logon to <https://futb.edu.ng> and click on the Admission Menu to access the Post UTME Portal.

Step 1: Navigate to the course display table. **Input** your JAMB registration number in the field provided to check your eligibility.

Step 2: If you are eligible, your course will be displayed. Click on the "More information" button beside the course to view the course requirements.

Note: The "More information" feature enables you to view the requirements, application fee, duration, application closing date and session.

Step 3: Click on the "Apply Now" button.

Step 4: If you have an existing account, click on "Login with Google"

Step 5: If you do not have an account, click "Sign up with Google" or sign up manually by creating an account

How to sign up manually

- Fill in the "form" below the Sign up with google button.
- After filling the form, click on the "Create account button"
- You will receive an activation code in your email inbox. "Enter" the code received in these boxes.
- Click "Confirm".

Step 6: You will then be directed to the payment page to make payment. When payment is successful a preview of your application pops up. Click on "Proceed to Application Form".

- Fill in your details in the empty fields provided in all the sections. Please note that pre-filled fields are uneditable.

NOTE: To move to the next section in your application form, click on "Next"

- The final stage requires you to click on "preview and submit" to complete your application.

Congratulations!!! Your application has been submitted successfully. We wish you the very best.

How to check payment status

- On your dashboard beside all applications tab, click «Transaction History». A list of all your transactions will be displayed.
- View the status of each of your transactions under the "Status" column.

NOTE:

If you have any inquiry or are encountering any difficulty, send an email to Dr. Zubairu Tijani Babura via zibabura.registry@futb.edu.ng or call +2349126313264

Subject: Workshop for HoDs, School Examination Officers, Departmental Examination Officers, and Level 100 and 200 Coordinators

Dear All,

This is to inform you that the workshop for the following participants:

- Heads of Departments (HoDs)
- School Examination Officers
- Departmental Examination Officers
- Level 100 and 200 Level Coordinators

will commence on **Tuesday, 15th October 2024**, at the **Centre for Information Technology (CIT), Temporary Campus**. The workshop is scheduled to last for three days and will focus on critical areas related to examination management, student assessment, and other academic coordination activities.

Please note that attendance is compulsory, and all participants are expected to be present throughout the duration of the workshop.

We look forward to your active participation.

Thank you.

Sincerely,

REQUIREMENTS FOR ADMISSION

1. UNDERGRADUATE PROGRAMMES

100 Level:

- All admissions into the University shall be through the Joint Admissions and Matriculation Board (JAMB).
- Candidates must possess the SSCE/NECO/WAEC or equivalent with credit passes in five subjects in not more than two sittings including English and Mathematics.
- A candidate must, in addition, have an acceptable score in the Unified Tertiary Matriculation Examination (UTME).

2. DIRECT ENTRY (200 LEVEL):

For admission by Direct entry (200 Level), a candidate must, in addition to having English & Math Credits:

- Obtain at least two (2) 'A' level (or it's equivalent) passes in relevant subjects, or possess ND with credit passes, or possess a good first degree in another field;
- Those who meet the requirements for admission shall be subject to screening interview to be conducted by the University among other requirements.
